

1. Apply the knowledge of SRS and prepare Software Requirement Specification (SRS) document in IEEE format for the project.
2. Apply the knowledge of SRS and prepare Software Requirement Specification (SRS) document in IEEE format for the project.
3. Apply the knowledge of SRS and prepare Software Requirement Specification (SRS) document in IEEE format for the project.
4. Apply the knowledge of SRS and prepare Software Requirement Specification (SRS) document in IEEE format for the project.
5. Sketch a DFD (up to 2 levels) for Student Management System
6. Sketch a DFD (up to 2 levels) for Hotel Management System
7. Sketch a DFD (up to 2 levels) for Library Management System
8. Sketch a DFD (up to 2 levels) for Railway Management System
9. Sketch UML Use case Diagram for Food Management System.
10. Sketch UML Use case Diagram for Hospital Management System.
11. Sketch UML Use case Diagram for Railway Management System.
12. Sketch UML Use case Diagram for Library Management System.

13. Sketch a Class Diagram for Railway Management System.
14. Sketch a Class Diagram for Hospital Management System.
15. Sketch a Class Diagram for Library Management System.
16. Sketch a Class Diagram for Hotel Management System.
17. Sketch Activity diagram for Railway Management System.
18. Sketch Activity diagram for Hospital Management System.
19. Sketch State Transition diagram for Railway Management System.
20. Sketch State Transition diagram for Hospital Management System.
21. Sketch Sequence diagram for Railway Management System
22. Sketch Sequence diagram for Hospital Management System.
23. Sketch Collaboration diagram for Railway Management System
24. Sketch Collaboration diagram for Hospital Management System.
25. Use project management tool to prepare schedule for the project.
26. Use project management tool to prepare schedule for the project.

27. Use project management tool to prepare schedule for the project.
28. Use project management tool to prepare schedule for the project.
29. Change specification and use any SCM Tool to make different versions
30. Change specification and use any SCM Tool to make different versions
31. Change specification and use any SCM Tool to make different versions
32. Design test cases and generate test scripts in Selenium
33. Design test cases and generate test scripts in Selenium
34. Design test cases and generate test scripts in Selenium
35. Sketch Sequence diagram for Railway Management System
36. Sketch Sequence diagram for Hospital Management System.
37. Sketch a Class Diagram for Library Management System.
38. Sketch a Class Diagram for Hotel Management System.
39. Sketch a DFD (up to 2 levels) for Library Management System
